

This image shows different taxes included in the price of fuel. The combined taxes comprise 26.5% (\$0.53) of the total fuel price. The different taxes included in the fuel price are 1. Federal Excise tax (\$0.10 / 5%), 2. Carbon tax (\$0.09 / 4.4%), 3. Provincial Fuel taxes (\$0.14 / 7%), 4. Sales taxes (\$0.20 / 10.13%). This data is based on \$2.00/L National average of the components of gas prices (June 2022). Provincial numbers may vary. It does not include temporary reductions. At the bottom of the image, it says "Sales taxes are charged on top of all other taxes. It is a tax on tax!".
